Job Description: Visualization Intern

Kohn Pederson Fox Associates (KPF), a global architecture practice headquartered in New York City, is seeking a Visualization Intern in New York City to assist their immediate supervisor in cooperation with the project team to develop high quality design and construction documents. The Visualization Intern will apply theoretical knowledge to practical application through the day-to-day tasks assigned to them. This is a paid, full-time internship running from mid-July to mid-September, open to students or recent grads in architecture, visualization, or related fields.

Primary Responsibilities:

- Help produce high-quality renderings and visuals for real projects
- Work hands-on with D5 Render and Enscape
- Explore and test AI-powered workflows using tools like Midjourney, Runway, and ComfyUI
- Collaborate with designers to push visual storytelling forward

Qualifications:

- Strong interest in generative AI and how it can be used in visualization
- Experience with D5 Render and/or Enscape
- Familiarity with Rhino and/or Revit
- A portfolio that shows a good eye for lighting, materials, and design

Bonus if you:

- Have used AI tools in your own design work
- Like to experiment and learn new tech
- Are detail-oriented and comfortable working in a fast-paced team

Work Environment:

This position requires you to be in-person 5 days per week.

Pay: \$25/hr

Why KPF?

- **Career Growth:** Opportunities for training, development, and career progression.
- **Company Culture:** Collaborative, high-performance environment with a focus on innovation and excellence.
- **Benefits:** Comprehensive health insurance, including medical, dental, and vision insurance, 401k with company matching contributions, paid time off, Architectural Registration Exam (ARE) support and other perks.

To Apply: Submit your resume and portfolio via the KPF Careers site. Applications without these will not be considered.

KPF is an equal opportunity employer.
